

**Ref.: 11025.35**

**Date: 11-02-2009**

## To Whom It May Concern

We hereby declare that M/S Ananada Shipyard & Slipways Ltd., a reputed shipbuilding firm of Bangladesh, who has completed many new-building projects under the classification programs, and have exported a number of ships to foreign buyers, including some to Europe, have been in contract with Bureau Veritas Certification – the certification wing of Bureau Veritas Group, for the process of Certification to ISO 14001:2004 Standard.

At the request of the management of Ananda Shipyard & Slipways Ltd., we visited the site at Meghnaghat, Sonargaon, Narayanganj, and made a pre-assessment for the organization's readiness for certification.

The observation of the undersigned is that there is a good number of operational controls in place, e.g., recycling of maintenance oil in the burner of the foundry shop, containment and re-use of the sand-blasting pellets, use of CNC gas and plasma cutters for minimum of wastage of materials and gases, etc., and a combination of modern infrastructure, has given the aforesaid organization a ready benefit towards good environmental management.

We believe that, with some more initiatives, Ananada Shipyard & Slipways Ltd. will be ready for the certification audits, and be certified subsequently.

We wish Ananada Shipyard & Slipways Ltd. a successful journey in their quest for high environmental performance through certification to ISO 14001:2004, meeting the need of the planet today.

For any further update, kindly feel free to contact the undersigned.

**Md. Golam Kibria**
